8. Authorization of the client.

User log in using its data, or goes to register page, if it has not any account.

A screenshot of a web browser window showing the 'Authorization' page. The browser's address bar displays 'http://www.mutlib.com/manga'. The page features a central form with the title 'Authorization' in bold. Below the title are two input fields labeled 'Username' and 'Password'. A 'Login' button is positioned below these fields. At the bottom of the form, there is a link that reads 'You don't have account? [Register](#)'.
